## ULTRA DRI

**Absorbent, Dry  
Disinfectant Powder**

**The Natural Way to  
Healthier Livestock**

# ULTRA DRI

**Absorbent, Dry  
Disinfectant Powder**

**ULTRA DRI** acts in the following ways :

- It acts as a very powerful drying agent on the bedding and in the cubicle, stable or pen.
- It contains a broad spectrum disinfectant.
- It quickly reduces ammonia and other noxious gases.
- It acts very quickly, killing most pathogens within 5 minutes.
- It even works in contact with the bedding and waste.
- pH neutral – improves udder condition.

**ORGANISMS MUST BE KILLED IN ORDER TO REDUCE DISEASE**

- Bacteria
- Viruses
- Fungi

When **ULTRA DRI** comes into contact with these pathogens in the environment, it kills them rapidly and continues working from day to day.

# HOW TO USE ULTRA DRI

**Absorbent, Dry  
Disinfectant Powder.**

**Nothing** could be easier to use to keep your livestock healthy.

**Simply sprinkle ULTRA DRI** onto the housing floor before adding bedding, whether straw, shavings or sawdust.

**ULTRA DRI** has been carefully formulated to be suitable for flooring with or without matting of all types.

## **APPLICATION RATES FOR ULTRA DRI**

**Cows** : 75 g /cubicle per day

**General including Loose Housing,**

**Equine & Poultry** : 100 g/m

**Calves** : 60 – 100 g / calf pen

**Pig Housing** : 100 g/m

**Lambing Pens** : 50 g / animal

**(FOR BEST RESULTS, USE 2- 3 TIMES WEEKLY, OTHER THAN FOR COWS)**

# USEFUL FACTS ABOUT ULTRA DRI

**ULTRA DRI** contains a **DEFRA approved disinfectant** which is effective in cases of foot and mouth disease and avian flu.

**ULTRA DRI** does **not cause drying** of fine skin which can result in abrasions leading to bacterial infection or disease.

**ULTRA DRI** is packed in easily-managed **25 kg waterproof bags** It can be delivered in 500 kg or 1T loads directly on farm.

**ULTRA DRI** can be “**custom-made**” with veterinary-recommended additives – (minimum quantity – 1T) e.g. zinc sulphate can be added to improve hoof condition (or copper sulphate) or assist in the prevention of orf.

**ULTRA DRI** can be used in **powder baths**, especially in doors or gateways. Thus applied, it will seal and dry areas affected by scald or foot rot.

For **further information** on any of the above, please telephone Charlie Barks on **01629 351408 or 07850 526667**
